The Textiles Surveillance Body has received from Finland a notification of a new agreement between Finland and India concerning trade in textiles.

The TSB, pursuant to its procedure regarding bilateral agreements notified under Article 14, has examined the relevant documentation and is circulating the text of this agreement to participating countries for their information. ²/

¹/ See COM.TEX/SB/35, Annex B.
²/ For observations of the TSB see paragraph 9 of COM.TEX/SB/388.
MEMORANDUM OF UNDERSTANDING

With reference to the consultations held in Helsinki on 5 and 6 January 1978, regarding exports of certain textile products from India into Finland, the Government of Finland and the Government of India, having regard to the Arrangement regarding international trade in textiles, have agreed on the following arrangements:

1. The Government of India have agreed to limit exports of the textile products specified in Annex I to the limits set out in that Annex during the period of 1 January 1978 to 31 December 1981.

2. The Government of Finland shall for the purpose of these arrangements admit imports of the textile products of Indian origin set out in Annex I to the agreed limits, provided that such imports into Finland are covered by export certificates, as per specimen in Annex II issued by the Indian organization(s) to be designated by the Government of India. Such export certificates imply that the consignments concerned have been debited against the agreed limits for exports to Finland.

Shipments effected before 31 December 1977 shall not be debited against the limits agreed for exports to Finland.

Goods shipped during January 1978 shall be admitted even if not accompanied by such certificates. These goods shall be debited against the limits for 1978.

If the information available to the Finnish authorities through the import surveillance system shows that the quantitative limit of a product specified in Annex I has already been reached or
the unused portion of that limit is insufficient to cover the goods specified in the export certificate(s) the Finnish authorities may, subject to the provisions of Article 3, refuse to admit the imports of such product for any quantity in excess of the quantitative limit set out in Annex I. In such a case the Finnish authorities shall immediately inform the authorities of India.

3. a) In any agreement year advance use of a portion of the quantitative limit established for the following agreement year is authorized for each product listed in Annex I up to 6 per cent of the limit for the current agreement year.

b) Carry-over to the corresponding quantitative limit for the following agreement year of amounts not used during any agreement year is authorized up to 11 per cent of the limit for each product for the current agreement year.

c) The increase in any product limit on account of cumulative application of provisions of paragraphs a) and b) above during an agreement year shall not exceed 11 per cent.

4. The Government of Finland and the Government of India agree to consult together, at the request of either party, on any matter arising from the implementation of these arrangements.

If the Government of India considers that, as a result of the restraint imposed by these arrangements, India is being placed in an inequitable position vis-a-vis a third country, the Government of India may request the Government of Finland to consult with a view to appropriate remedial action such as a reasonable modification of these arrangements.
Should any problems arise in connection with trade in textiles between the two countries either party may request for consultations. Both sides agree to enter into such consultations promptly and in a cooperative spirit with a view to arriving at a mutually acceptable solution to such problems.

5. The Government of India or the organisation to be designated by it will forward to the Government of Finland monthly statistics on a cumulative basis of the quantities of the textile products for which certificates for export to Finland have been issued. The Government of Finland will forward to the Government of India monthly statistics on a cumulative basis of imports from India of the textile products set out in Annex I.

6. The Government of Finland and the Government of India have agreed to review the operation of this Memorandum of Understanding not later than by the end of February, 1980 and may then by common accord take any such action as they deem appropriate to modify it.

7. In the event that the Government of Finland accedes to the Arrangement regarding international trade in textiles this Memorandum of Understanding shall be governed by the provisions thereof.

8. The Annexes to this Memorandum of Understanding shall form an integral part thereof.

Done in Helsinki the 3rd of May, 1973
