FOR THE GOVERNMENT  FOR THE GOVERNMENT
OF CANADA  OF THE REPUBLIC OF
THE PHILIPPINES

Manila, Philippines

April 6, 1978
INTRODUCTION

1. This Agreement sets out the arrangements that have been agreed upon between the delegations of the Government of Canada and the Government of the Republic of the Philippines regarding the export of selected textile products from the Philippines to Canada.

2. This Agreement was entered into taking into consideration the Agreement Regarding International Trade in Textiles (hereinafter referred to as the ITA), in particular Article 4 thereof as well as paragraphs 5.3, 5.4, 5.6 and paragraph 5 of the Protocol extending the ITA (L/4616).

3. In respect of the products covered by this Agreement, the Government of Canada shall not introduce without prior consultation as provided for in paragraph 24 thereof, quantitative restrictions under Article XIX of the General Agreement on Tariffs and Trade and Article 3 of the ITA in the event it lifts its global quota.

4. During the term of this Agreement, measures having equivalent effect to quantitative restrictions on the importation into Canada of the products covered
by this Agreement shall not be introduced without prior consultations as provided for in paragraph 24 hereof.

COVERAGE

5. Both Governments recognize and confirm that the conduct of their mutual trade in selected textile products originating and dispatched from the Republic of the Philippines as listed in ANNEX I shall be governed by the provisions of this Agreement.

6. For purposes of this Agreement, "textiles" shall be as defined in Article 12 (1) of the ITA.

7. Traditional folklore items produced by the cottage industry of the Philippines shall be exempted from restraint provided that such items are properly certified in accordance with arrangements to be established before January 1, 1979.

8. For the purpose of classifying textile products in the appropriate item number, the definitions and the footnotes set out in ANNEX I and the explanatory notes set out in ANNEX II hereof shall apply.

RESTRAINT PERIOD

9. This Agreement shall be in effect for three separate calendar year periods commencing January 1, 1979 and terminating December 31, 1981. In respect of acrylic
yarn and handbags described in ANNEX I, this Agreement shall apply for the 1973 calendar year period and thereafter for the three separate calendar year periods.

RESTRICTION LIMITS

10. The Republic of the Philippines shall regulate its exports to Canada of selected textile products described in ANNEXES I and II to the limits set out therein for the period specified in paragraph 9 above.

ADMINISTRATION

11. This Agreement shall be implemented on the basis of the export allotment system of the Philippines.

12. The Government of Canada shall automatically admit imports of selected textile products described in ANNEX I upon presentation of export license as per specimen shown in ANNEX III. Such license shall be issued by the appropriate Philippine authorities attesting that the Philippine exports covered by the license have been debited to the applicable quantitative limits as set out in ANNEX I.

13. The Government of the Philippines shall endeavour to ensure that exports of all textile products subject to quantitative limits are spaced out as evenly as possible during each restraint period, due account being taken of seasonal factors and having regard to normal channels of trade.
SWING, CARRYOVER/BORROW FORWARD

14. Swing, carryover and borrow forward shall be allowed as described in ANNEX IV.

15. For the purposes of implementing the swing provisions in paragraph 14, the conversion factors shown in column (F) of ANNEX I shall apply.

EXCHANGE OF STATISTICS

16. Both Governments agree to exchange all useful information concerning their mutual trade in textiles, including information on textile items not covered by this Agreement.

17. The Government of the Philippines shall provide the Government of Canada with monthly statistics relating to exports of selected textile products listed in ANNEX I.

18. The Government of Canada shall provide the Government of the Philippines with monthly statistics of total imports from the Republic of the Philippines and from other suppliers in respect of the textile products subject to this Agreement.

EQUITY

19. Should either Government consider, as a result of this Agreement, that it is being placed in an inequitable position vis-a-vis any third supplier, that Government may request the other to consult with a view to implementing appropriate remedial measures.
20. If, on the basis of export data provided by the Government of the Philippines, the Government of Canada ascertains that there is a sharp and substantial increase in the concentration of exports, other than a concentration attributable to normal seasonal factors, of particular products in any item number subject to quantitative limits, the Government of Canada may request consultations in accordance with the provisions of paragraph 24 below with a view to remedying this situation.

RE-EXPORTS

21. Imports into Canada of those textile products to which this Agreement applies which are for immediate re-export or for inward processing and subsequent re-export outside Canada shall not be subject to quantitative limits established under this Agreement, provided they are entered as such under an administrative system of control in force for this purpose within Canada.

22. The Government of Canada shall inform the Government of the Philippines when imports into Canada of selected textile products subject to this Agreement are subsequently re-exported from Canada. Where such re-exports have been debited by the Government of the Philippines to quantitative limits, it may then credit the amounts involved to the appropriate quantitative limits.

REVISIONS

23. Either Government may at any time propose revisions to the terms of this agreement having regard to the provisions of the ITA and to the provisions of paragraph 5.4 of the Protocol extending the ITA (L/4616).

CONSULTATIONS

24. Either Government shall have the right to request consultations with the other Government on any matter arising from the implementation of this Agreement. Such consultations shall be conducted in the following manner:
- any request for consultations shall be notified in writing to the other Government;
- the request for consultations shall be followed within fifteen days by a statement setting out the reasons for such a request;
- both Governments shall enter into consultations within one month from receipt of notification, with a view to reaching agreement or a mutually acceptable solution within one month from start of consultations;
- ending conclusion of such consultations, the Government of Canada agrees not to impose any unilateral restraint on selected textile products which are under consultation.

25. The Government of Canada shall not impose any unilateral restraint on any textile product exported from the Philippines not covered by this Agreement without prior consultations conducted in accordance with Paragraph 24 above.
26. Consultations held under the foregoing provisions shall be conducted in a spirit of cooperation and with the view of reconciling differences.

ANNEXES

27. The ANNEXES and Explanatory Notes to this Agreement shall be considered as integral parts thereof.

TERMINATION

28. Either Government may terminate this Agreement effective at the end of any restraint period by written notice to the other Government, to be given at least ninety days prior to the end of any restraint period.

TRANSITIONAL ARRANGEMENTS

29. Both Governments agree that any difficulties which may arise as a consequence of the transition from any control arrangements maintained by the Government of Canada upon imports into Canada of products subject to this Agreement to the export allotment system provided for in this Agreement shall be brought immediately
to the attention of the other Government and that consultations as provided for under paragraph 24 of this Agreement shall be held to resolve such difficulties.
