2. In the case of shortfalls the restraint levels for any category may be exceeded by a carryover of not more than 10 per cent, and by a carry forward of not more than 5 per cent. The carry over shall not exceed the amount of shortfall in the specific category.
3. Upon presentation of export recommendations issued by the Korean authorities on the basis of irrevocable letters of credit for the direct and/or indirect exports to Austria of cotton textiles of Korean origin, the competent Austrian authority will license the corresponding imports within a period of three weeks. Import licences issued by the Austrian authority during the period beginning 1 January 1974 to 4 November 1974 shall be deducted from the levels agreed upon for the twelve-month period beginning 1 January 1974.

4. An undue concentration of imports of cotton textiles from the Republic of Korea into Austria as regards a special article and/or time shall be avoided. Accordingly, the Government of the Republic of Korea will use its influence to achieve this aim.

5. Consultations regarding the conduct of exports of cotton textiles from the Republic of Korea to Austria will be held if so desired by either party.

6. Austria agrees to hold consultations with a view to changing the quotas expressed in terms of value to quantities at a date convenient to either party.

I should be grateful if you would kindly confirm that this letter sets out correctly the understanding reached between the representatives of the two countries.

Accept, Sir, the assurances of my highest consideration.
