The following communication has been received by the Director-General from the Canadian mission.

I have the honour to refer to my letter to you of 15 June concerning the amendment of the Export and Import Permits Act so as to extend legislative authority to impose quantitative limitations on imports under certain conditions. The text of the relevant legislation is attached.

1 See COT/194
26. Section 5 of the Export and Import Permits Act is amended by adding thereto the following sub-sections:

"(2) Where at any time it appears to the satisfaction of the Governor in Council on a report of the Minister made pursuant to

(a) an inquiry made by the Textile and Clothing Board with respect to the importation of any textile and clothing goods within the meaning of the Textile and Clothing Board Act, or

(b) an inquiry made under section 16A of the Anti-dumping Act by the Anti-dumping Tribunal in respect of any goods other than textile and clothing goods within the meaning of the Textile and Clothing Board Act

that goods of any kind are being imported or are likely to be imported into Canada at such prices, in such quantities and under such conditions as to cause or threaten serious injury to Canadian producers of like or directly competitive goods, any goods of the same kind may, by order of the Governor in Council, be included on the Import Control List in order to limit the importation of such goods to the extent and for the period that, in the opinion of the Governor in Council, is necessary to prevent or remedy the injury."
