IN COTTON TEXTILES

Agreement Between the Government of Hong Kong and the United States Government concerning Trade in Cotton Textiles Between Hong Kong and the United States

Attached is the text of a recently concluded agreement between the Governments of Hong Kong and the United States concerning cotton textile exports to the United States.

The text of this agreement has been submitted to the secretariat by the United States, in accordance with Article 4 of the Long-Term Arrangement Regarding International Trade in Cotton Textiles, for the information of the Cotton Textiles Committee.
AGREEMENT BETWEEN THE GOVERNMENT OF HONG KONG AND THE UNITED STATES GOVERNMENT CONCERNING TRADE IN COTTON TEXTILES BETWEEN HONG KONG AND THE UNITED STATES

1. The restraint levels in thirty-five categories of cotton textiles total 248.9 million square yards equivalent for the period 1 October 1963 to 30 September 1964. The Annex under this release lists the specific restraint levels by categories agreed between the two Governments.

2. The Government of Hong Kong agrees to limit, during the period from 1 October 1963 to 30 September 1964, the corduroy fabric content of apparel exports to the United States to a level of no more than 4 million square yards and to insure that the pattern of trade by garment categories established during the first year of the Long-Term Arrangement with respect to corduroy apparel items will be maintained during the second-year period.

3. The United States Government agrees to lift its requests for restraints in categories 33, 44, and 57.

4. The United States Government also agrees that the specific restraint levels, by categories and corduroy fabrics content, will be increased by 5 per cent, in accordance with the provisions of the Long-Term Arrangement, to the extent that restraints may be renewed in these categories, for the twelve-month period commencing 1 October 1964.

5. The Government of Hong Kong has also agreed to continue for another year the arrangements which it had undertaken to space its exports in restrained categories during the first year of the Long-Term Arrangement.

6. The two Governments will continue to provide each other periodically with such information on exports in restrained and unrestrained categories as may facilitate the implementation of the arrangement.

A list of the specific restraints on thirty-five categories of cotton textiles is provided in the Annex below.
