UNITED STATES - MEASURES AFFECTING
ALCOHOLIC AND MALT BEVERAGES

Follow-up on the Panel Report

Communication from the United States

The following communication, dated 3 May 1993, has been received from the Office of the United States Trade Representative in Geneva with the request that it be circulated to contracting parties.

Pursuant to paragraph 1.3 of the 1989 Improvements to the GATT Dispute Settlement Rules and Procedures (BISD 36S/61), the United States advises Contracting Parties of the status of implementation of the recommendations of the report of the Panel in "United States - Measures Affecting Alcoholic and Malt Beverages".

Our previous reports described in some detail the United States' implementation efforts. The United States continues to work toward putting into effect the panel's recommendations at both the federal and state levels. Although there is little to report in terms of specific legislative changes enacted since our last report to the Council, ongoing consideration by the federal and state governments is laying the groundwork for changes that can be put in place during 1993 or 1994 legislative sessions.
