The following communication has been received from the Government of Southern Rhodesia for transmission to all signatories of the General Agreement on Tariffs and Trade:

Following the decision taken at Geneva during the tariff negotiations in connection with the second session of the Preparatory Committee of the United Nations Conference on Trade and Employment, whereby it was agreed that each participating country would inform each other participating country as to whom the individual concessions had been granted, I have the honour to inform you that the tariff concessions shown on "Schedule XVI - Southern Rhodesia" of the General Agreement were all granted to the United States of America.
