Tariff Negotiations with Brazil: Signature of Procès-Verbal containing Tariff Schedules of Brazil and the United Kingdom

The Protocol establishing the new Brazilian Schedule was opened for signature on 31 December 1958 (see press release GATT/436). In accordance with the provisions of the Protocol, tariff negotiations which were not completed in time may be incorporated in a Procès-Verbal to be signed by Brazil and the country concerned.

Brazil and the United Kingdom have now completed negotiations and a Procès-Verbal containing the results of these negotiations was signed on 13 May by Ambassador J.A. Barboza-Carneiro, Head of the Brazilian Delegation for the tariff negotiations, and by Mr. Edward Sniders, Permanent Delegate of the United Kingdom to the European Office of the United Nations.

The tariff negotiations conducted between Brazil and a number of contracting parties since February 1958 have now been concluded.
