GENERAL AGREEMENT ON TARIFFS AND TRADE

"THE ACTIVITIES OF GATT 1960/61" PUBLISHED

The GATT secretariat has published The Activities of GATT 1960/61. This is the second of a series of brochures, published annually, which describe in fairly simple language the work undertaken by the Contracting Parties to the General Agreement and their subsidiary bodies, and by the secretariat.

This brochure covers the sixteenth and seventeenth sessions of the Contracting Parties, the opening of the Tariff Conference and the first meetings of the newly-established Council. The work undertaken in such fields as the programme for expansion of trade, regional integration, quantitative import restrictions, market disruption and subsidies is described.

The Activities of GATT 1960/61 is obtainable in English, French or Spanish from the GATT secretariat and from United Nations sales agents, price US$0.75, Sw.frs.3.- or equivalent (Sales No.: GATT/1961-3).
