MODIFICATION IN FRENCH IMPORT RESTRICTIONS

ADDENDUM

Further Communication from the French Government

"Further to my letter of 13 February 1952 concerning modifications introduced by the French Government to the system of quantitative restriction, I have the honour to inform you that on account of a rapid increase of certain imports, the French Government has been obliged to extend the measures which have already been taken.

"By a notice published in the JOURNAL OFFICIEL of 19 February, importers have been informed of the complete suspension of trade liberalization.

"Consequently and subject to the transitional provisions in favour of goods already on route, all imports will hereafter be subject to the producing of a licence issued by the Office des Changes."
