CONTRACTING PARTIES

FIRST PROTOCOL OF MODIFICATIONS

WITHDRAWAL OF TARIFF CONCESSIONS FROM SCHEDULE XV
(PAKISTAN)

Note by the Executive Secretary

The Government of Pakistan obtained the agreement of the Contracting Parties at their Third Session at Annecy to the withdrawal of certain concessions made at Geneva, among which the five appearing in Schedule XV – Part I under Tariff Item Number 73 (4). The descriptions of the products concerned are listed in the First Protocol of Modifications, now open for signature at the Headquarters of the United Nations, with the exception of the sub-item "Combination radio-phonographs", which was erroneously omitted.

The Government of the Netherlands, with whom the withdrawal by Pakistan of the above concessions was negotiated at Annecy, have confirmed their agreement to the withdrawal also of the sub-item "Combination radio-phonographs".

No objection having been raised by the other contracting parties, this sub-item should be considered as withdrawn notwithstanding its omission from the First Protocol of Modifications. The necessary action for giving formal effect to this modification in Schedule XV will be taken at the Fourth Session of the Contracting Parties.
