The following communications have been received from Annecy acceding governments on the Resolution concerning the prolongation of the assured life of the Schedules to the General Agreement:

**Dominican Republic**

"I have the honour to inform you that the Dominican Government approves the resolution of the Contracting Parties prolonging the existence of the Geneva and Annecy concessions until January 1954."

**Italy**

"In reply to your letter of 21 March, I have the honour to confirm, in the name of my Government, the contents of the letter I addressed to you on 16 January (No. 269). The views of my Government on the revalidation of the Geneva and Annecy Schedules were included in the remarks I had the honour to make at the meeting of the Contracting Parties on 18 March 1950." (See GATT/CP.4/SR.16)

**Liberia**

Liberia approves the prolongation of the assured life of the Annecy and Geneva concessions until January 1954, but reserves the right to rebind by formal negotiations at Torquay.

**Sweden**

"The Swedish Government after carefully having studied the text of the Report of Working Party "B" on the Revalidation of the Geneva and Annecy Schedules (document GATT/CP.4/25) have noted with special interest the statement in the second part of paragraph 5 of this document, which reads as follows:

'The Netherlands and Belgian Delegations stated in particular that the decision of their Governments would depend to large extent on the considerable reduction - especially in Europe - of the disequilibrium that in their view exists in general levels of tariffs. The delegations of Denmark and Luxemburg associated themselves with this statement.'

The Swedish Government herewith would like to state that they also associate themselves with the statement made by the Netherlands and Belgian Delegations."
