ITEM 11 - STATUS OF PROTOCOLS AND SCHEDULES

Addendum

Status of Schedules

Pages 3 to 9 of GATT/CP.6/20 contain notes on the status of the schedules to the Agreement. It was suggested at the eighth meeting of the Session that the information may not be complete, and delegations were therefore invited to send corrections and additions to the Secretariat. To date only one advice has been received.

The remarks in GATT/CP.6/20, referring to action under Article XXXV and withholdings or withdrawals of concessions should be amended or confirmed so that the information of Contracting Parties on these matters may be brought up to date. Accordingly, unless the Secretariat is informed otherwise, it will be assumed that the countries mentioned as not required to apply the Agreement (or Article II) to India, Pakistan or Cuba, by virtue of action taken by those countries under Article XXXV, are not in fact applying the Agreement (or Article II) to those countries. It will also be assumed that all countries listed on page 9 as having given no notification of withdrawals or withholdings have not in fact withdrawn or withheld any of the items originally negotiated with the countries named.

A revision of GATT/CP.6/20 will be issued for review by the Contracting Parties before the close of the Session.
