Sixth Protocol of Rectifications

Addendum

Rectifications requested to Schedule XVIII by the Government of the Union of South Africa

In addition to the Rectifications referred to in GATT/CP.6/4 and Add.1, the Government of the Union of South Africa have proposed for inclusion in a Sixth Protocol of Rectifications a number of rectifications of a non-substantive character to the Geneva, Annecy and Torquay portions of Schedule XVIII to the General Agreement on Tariffs and Trade.

The Government of the Union of South Africa state that, apart from a typographical error, the proposed rectifications consist of minor changes in tariff item numbers and descriptions so as to accord with the nomenclature of the South African Customs Tariff as amended by legislation promulgated subsequent to the conclusion of the Torquay Tariff Negotiations.

One copy of the proposed rectifications to the authentic English text and corrections to the unauthentic French text of the South African Schedule to the General Agreement on Tariffs and Trade are being circulated to each contracting party and acceding government with this document.
