Note by the Chairman regarding Rules of Procedure for the Tariff Negotiations Committee.

I have received various enquiries from delegations regarding Rules of Procedure for the Tariff Negotiations Committee. I wish to suggest that the Tariff Negotiations Committee at its next meeting adopt the Rules of Procedure of the Contracting Parties, substituting therein for all references to "contracting parties" reference to "the Governments participating in the Annecy Tariff Negotiations" and omitting the following which are inappropriate, Rules 1, 2, 3, 6, the second sentence of Rule 9 and the introductory words of Rules 14 and 27. The Rules of Procedure of the Contracting Parties are contained in document GATT/CP,2/3/Rev, 2/ which was distributed to all governments on 18 August 1948. Additional copies of the document are available in Annecy for delegations which require them.
