REVISED QUESTIONNAIRE TO CONTRACTING PARTIES
REGARDING THE DECISION FOR ACCESSION OF
ACCEding GOVERNMENTS

It would be appreciated if each contracting party would advise the Executive Secretary not later than noon on Thursday, 23rd June

1. Whether such contracting party would be in a position to participate at the end of the Annecy session in a vote under Article XXXIII regarding the accession of acceding governments, it being understood:
   a) that there would be a separate vote for each acceding government, and
   b) that the vote would be directed to accession only and would not involve the application by the contracting party concerned of the Annecy concessions, the entry into force of which would be governed by the provisions of the Protocol of Terms of Accession.

2. Whether such contracting party would be in a position to sign the Annecy Protocol of Terms of Accession as contained in GATT/CP.3/37 in respect of each acceding government at the conclusion of the Annecy session, bearing in mind that the application of the Annecy concessions would be governed by the provisions of paragraph 3 of the Protocol.

3. If the answer to the second question is negative, by what date would such contracting party be in a position to sign the Protocol of Terms of Accession.
