1. This Report constitutes a survey of all the possible negotiations among the governments participating in the Torquay Conference. It is intended to show the position up to 16 October 1950.

2. This survey does not include negotiations with governments which are not at present represented at Torquay or whose delegations have explained to the Tariff Negotiations Committee or to the Working Party their reasons for delay in commencing negotiations, namely:

- Burma
- Chile
- Cuba
- Denmark
- Korea
- Liberia
- Nicaragua
- Syria-Lebanon
- Uruguay

The Secretariat will keep in touch with the delegations of these nine countries and the Working Party will be informed when they are ready to arrange for the opening of negotiations.

3. The negotiations among the other 27 participating governments are presented in four categories. An effort has been made to give an accurate picture of the present situation, but it is realized that inaccuracies have most probably crept in because of insufficient or conflicting information supplied to the Secretariat.

4. Delegations are asked to examine these lists carefully. RECTIFICATIONS SHOULD BE SENT TO THE NEGOTIATIONS OFFICER, PRINCES HOTEL, BY FRIDAY EVENING, 20 OCTOBER 1950.
