CERTIFICATION OF CHANGES TO SCHEDULES

Schedule LIX - Switzerland

Corrigendum

The following corrections should be made in document L/3719:

Page 1

In the second of the three instruments to which reference is made on page 1 (1960-61 Geneva Protocol), "Schedule of the Swiss Confederation" should read "Schedule LIX - Switzerland".

Page 2

The first paragraph on this page should read:

"The 1952 and 1960-61 Schedules LIX - Switzerland include a number of concessions and bindings which became invalid upon the addition of the Geneva (1967) Protocol to the General Agreement on Tariffs and Trade. The rectifications notified in Annexes I and II in respect of those two schedules concern only concessions and bindings that have not been re-included in the 1967 Schedule LIX - Switzerland (Annex III) and the scope of which thus remains unchanged."
