IMPORT RESTRICTIONS OF DENMARK

Lifting of Import Restrictions

In a communication dated 10 July 1973, the Permanent Delegation of Denmark notified the secretariat of GATT that as from 19 February 1973 the Danish liberalization of imports has been further extended to cover the items listed in the attached Annex.

These items should consequently be deleted from Commodity List A in document L/3529/Add.1 of 20 August 1971, as revised by the documents L/3676 of 3 March 1972 and L/3762 of 1 November 1972, containing the most recent Danish notifications of the goods imports of which are subject to licensing regardless of country of purchase or origin.
