SUBSIDIES
Notifications Pursuant to Article XVI:1
SOUTH AFRICA

The following information has been received from the Permanent Mission of South Africa bringing up to date the information furnished in the full notification of subsidies which was reproduced in document L/4465/Add.3.

This notification brings up to date South Africa's full reply on subsidies contained in L/4441/Add.3 of 9 May 1975.

Page 1

I. FERTILIZERS

1. (b) Incidence: The first paragraph should read as follows:

"The rates of subsidy are based on the nitrogen and phosphorus contents of the various types of fertilizers. At present the formula is $N = R \ 20.00$ and $P = R \ 52.50$ per ton."

In the second paragraph the maximum amount of rebate on lime and gypsum in line three should be changed from $22\ell$ to $35\ell$ per 100 kgs. In the fourth and fifth lines of this paragraph the words "and 50 per cent (with a maximum of $11\ell$ per 100 kgs.) for farm manure and compost" should be deleted.

Page 2

(d) Amount per unit

The subsidy on superphosphate (8.3 per cent P) and ammonium sulphate (21 per cent N) now amounts to $R \ 4.35$ and $R \ 4.20$ per ton, respectively.
II. FOODSTUFFS

1. (a) Background and authority

The rebate of 37½ per cent mentioned in the second paragraph has been reduced to 20 per cent.

Page 5

(b) Incidence

(ii) Maize

The last paragraph starting with the words "In order to encourage ..." should be deleted.

Page 7

2. (b) Statistics

(i) Wheat

The following words should be added at the end of the first paragraph following the table on production, consumption, etc.: "... and in latter years wheat has from time to time also been offered on the world market through the local export trade."
