The Government of Finland has submitted, for the information of contracting parties, a publication describing the import system of Finland as applied from 1 April 1981.

In the publication are enumerated:

(1) countries to which multilateral import treatment is applied (Section A, paragraph 1),

(2) licensing of commodities under the global quota system applicable to the countries to which multilateral import treatment is applied (Section A, paragraph 3)

(3) commodities subject to individual licensing originating in the countries to which multilateral import treatment is applied (Section A, paragraph 4)

(4) the treatment of imports from the USSR (Section B), from the KEVSOS countries (Section C), from China and Romania (Section D) and from other countries (Section E).

Two copies are being distributed to each contracting party.
