At their twenty-seventh session the CONTRACTING PARTIES instructed the Council to establish a calendar fixing dates for the examination, every two years, of the reports on regional agreements (SR.27/12, page 167).

At its meeting of 11 June 1981 the Council agreed on a time-table covering the period October 1981-April 1983. The time-table is reproduced herewith.

The listing was prepared without prejudice to the possibility that certain agreements among developing countries might be covered by the Decision on Differential and More Favourable Treatment, Reciprocity and Fuller Participation of Developing Countries ("enabling clause") (BISD 26S/203). It might be noted in this respect that the Committee on Trade and Development has primary responsibility for supervision of the implementation of that Decision. (BISD 26S/219.)

When establishing a new time-table, the Council was aware that some of the agreements listed might be renegotiated in the ensuing period. The time-table will therefore be revised as appropriate.

Contracting parties members of a regional agreement are invited to submit biennial reports on developments under the agreements concerned on the dates indicated. Consideration of the reports should take place at the earliest possible meeting of the Council thereafter.
