REPLIES TO THE QUESTIONNAIRE ON IMPORT LICENSING
EGYPT

The following notification dated 14 October 1986 has been received from the delegation of Egypt in response to the questionnaire on import licensing procedures annexed to document L/5640/Rev.2.

I would like to inform you that according to Ministerial Decree Number 33 of 1986 (Egyptian Ministry of Economy) which aims at, inter alia, simplifying import procedures, the two import rationalization committees which were responsible to receive and approve import applications were abolished. Consequently, the procedure itself ceases to exist.

I hope that this information would substitute the need for answers to the questionnaire mentioned above.
