The following communication, dated 5 February 1987, has been received from the Permanent Mission of Chile.

This communication supplements GATT documents L/5861/Add.1, L/5861/Add.2 and L/5861/Add.3 dated 7 October 1985, 23 December 1985 and 27 March 1986 respectively, regarding the modification of specific duties on the price of wheat.

Under Treasury Decree No. 904 published in the Official Gazette of 31 December 1986, new specific duties and tariff reductions have been established on imports of wheat and meslin, to be in effect until 15 December 1987.

It should be pointed out that the comparison of the duties currently in force (established by Treasury Decree No. 904) with those fixed by Treasury Decree No. 868 (published in the Official Gazette of 30 October 1985), shows that the latter have been reduced in nominal terms by US$6.92 per ton.

1The text of the decree is available at the GATT secretariat for consultation by interested delegations.
