ARTICLE XIX - ACTION BY CHILE

Edible Vegetable Oils

Addendum

The following communication, dated 5 February 1987, has been received from the Permanent Mission of Chile.

This communication supplements GATT documents L/5935 and L/5935/Add.1, dated 10 December 1985 and 17 April 1986 respectively.

Under Treasury Decree No. 471 published in the Official Gazette of 26 June 1986, new specific duties and tariff reductions have been established on imports of edible vegetable oils, to be in effect until 31 October 1987.

It should be pointed out that the comparison of the specific duties currently in force (established by Treasury Decree No. 471) with those fixed by Treasury Decree No. 743 (published in the Official Gazette of 28 September 1985), shows that the latter have been reduced in nominal terms by between US$10 and US$24.7 per ton.

1 The text of the decree is available at the GATT secretariat for consultation by interested delegations
