At their Forty-Seventh Session on 3-4 December 1991, the CONTRACTING PARTIES agreed to a proposal from the Chairman of the Council that the Trade Policy Reviews of Austria, Argentina, Finland, Ghana, Singapore and the United States, scheduled for December 1991, be postponed until the first half of March 1992.

It was understood that this postponement would not affect the scheduling of future dates for reviews of the six contracting parties in question.
