REPORT (1991) OF THE COMMITTEE ON GOVERNMENT PROCUREMENT

Corrigendum

On page 2, paragraph 6, please replace "paragraph" by "paragraphs".

On page 2, paragraph 8, the penultimate sentence should read as follows:

"The fundamental issues in the negotiations remain the questions of balance and the inclusion or not of "Group B entities" (that is, government entities on a regional and local level) as well as certain entities in the so-called "Group C", in particular entities in telecommunications, heavy electrical equipment and transport."

On page 3, paragraph 12, the first two sentences should read as follows:

"The Committee met on 20 June and again on 23 September to consider recourse to Article VII:6 and VII:7 respectively by the United States with respect to the procurement by the Norwegian Public Roads Administration of electronic toll collection equipment for the city of Trondheim. The United States considered that the entity had improperly used a single tendering procedure, preventing one of its suppliers from bidding for the contract, in violation of Article II of the Agreement and requested the establishment of a panel.
