In conformity with the notification received from the High Authority, the following modifications should be made in the nomenclature which appears in Appendix VII of document L/120 of 12 September 1953:

**Item 26.01**

The following should be added:

B. manganese, including manganiferous irons ores containing 20 per cent or more of manganese.

Page 12

**Item 73.01 C**

This item should read as follows:

C. pig iron n.e.s.:

I. containing not more than 1 per cent vanadium and 1 per cent titanium.

II. other.

Page 18

**Item 73.02 A**

This item should be modified as follows:

A. I. should read A. I. Containing more than 2 per cent carbon (carburised ferro-manganese).

and the following should be added:

A. II. other.
This Item should read as follows:

B. ferro-aluminium, ferro-silico aluminium
   and ferro-silico-mangano-aluminium........H.P

Item 73.08 A

This item should read as follows:

A. unplated, of a width:
   I. of less than 1.5 metres..................P
   II. of 1.5 metres or more..................P

Item 73.12 B

This item should read as follows:

B. simply cold rolled:
   I. intended for the manufacture of tin-plate
      (tin coils)\(^2\)
      a. ................
      b. ................

Item 73.12 C IV and V

This item should read as follows:

IV. galvanized, or lead coated...............H.P

V. other (coppered, artificially oxidized, lacquered, nickelled, varnished, coated, parkerized, printed, etc.):
   a. simply coated:
      1. hot-rolled.........................P
      2. cold-rolled.......................P
   b. other................................H.P
Item 73.13 B I a

This item should read as follows:

a. of 3 millimetres or more:
   1. ship's plates (1)......................P
   2. other.............................P

Insert the following footnote at the bottom of page 22:

(1) Only plates of a strength of 41 to 50 kg. per square millimeters inclusive which are proved to the satisfaction of the customs to be intended for the construction and repair of ships and boats, are admitted under this item.

(This sub-item appears only in the tariffs of the Federal Republic of Germany and of the Benelux countries).

Item 73.15 A V b

This item should read as follows:

b. simply cold-rolled:
   1. intended for the manufacture of tin-plate (in coils) (2):
      a. of a thickness of less than 0,5 millimetres and width exceeding 457 millimetres........P (1 year)
      b. other.............................P (1 year)
   2. other.............................H,P

Item 73.15 A V c

These items should read as follows:

c. coated, coated or otherwise surface-treated:
   1. plated...............................P
   2. other...............................H,P
