ANTI-DUMPING AND COUNTERVAILING DUTIES

Submission of Laws and Regulations

The following information has been received from the Government of Turkey:

TURKEY

I

Articles 14 and 15 of the New Customs Code

"Article 14 - With a view to offset dumping, export subsidies and other similar measures, whether overt or concealed, the Council of Ministers is empowered to impose higher duties and also to resort to other practices with regard to products originating in or coming from countries which, by such methods, seek to introduce these products into the Turkish market, in such a manner as to prejudice the fulfilment of the purposes of the Turkish Customs Tariff.

"Article 15 - Decrees which are enacted by the Council of Ministers under Article 14 of the Customs Code are submitted for ratification by the Great National Assembly within a period of three months."

II

"There are at present no regulations concerning the administration of the above legislative provisions, and, further, Turkey has hitherto levied no anti-dumping and countervailing duties."
