SEVENTH PROTOCOL OF RECTIFICATIONS AND MODIFICATIONS

Items submitted by the Government of Norway

There is annexed hereto a list of items submitted by the Government of Norway for inclusion in the Seventh Protocol of Rectifications and Modifications.

The first notification of these items reached the secretariat well before the time-limit agreed by the CONTRACTING PARTIES (L/600, para.6) but distribution was held up pending settlement of the question whether the Norwegian submission was not of a character requiring simple notification to the contracting parties in terms of the Note contained in the Fourth Protocol of Rectifications and Modifications of 3 April 1950 (pages 8 and 38).

It has since emerged that the changes proposed by the Norwegian Government are matter for the Protocol and are therefore distributed herewith.
