AGREEMENT ON GOVERNMENT PROCUREMENT
DONE AT GENEVA ON 12 APRIL 1979

CERTIFICATION OF RECTIFICATIONS AND AMENDMENTS

It is hereby certified that the rectifications of a purely formal nature and minor amendments relating to Annex I to the Agreement on Government Procurement, which are attached hereto, have been notified to the Committee on Government Procurement in accordance with the provisions of sub-paragraph (a) of paragraph 5 of Article IX of the above-mentioned Agreement on 6 April 1981 in document GPR/9 and that no objections thereto have been made within the prescribed time-limit.

The rectifications and amendments have thus become effective as of 6 May 1981.

A. Dunkel
Director-General
The following rectification should be made to the Danish list of entities:

Footnote (2) which at present only relates to the Ministry of Public Works should also refer to the Ministry of Greenland. Footnote (2) itself should be revised to read "(2) with the exception of Danish State Railways and the telecommunications services of the P & T and the G.T.O." (P & T and G.T.O. stand for Posts and Telegraphs and the Greenland Technical Organisation, respectively).

The Greenland Technical Organisation carries out the functions of the P & T in Greenland and the footnote relating to the Ministry of Public Works (of which the P & T is a part) has to be understood therefore as applying also to the G.T.O.
