Dear Sir,

Your library is included in the list of libraries which are regarded as depositories for GATT publications. We therefore despatch to you, regularly, all GATT publications. It is essential that the address, to which these publications are sent, should be correct. We would therefore ask for your co-operation, as follows:

Will you please confirm, in writing, that your address as stated above is correct; or, if there are corrections, please indicate them clearly in your reply.

If we do not receive your reply before 30 November 1966, we shall draw the conclusion that you do not wish to continue to be designated as a depository library for GATT publications and your library will thereafter be deleted from our list of depositories.

Yours truly,

F. Chassaing,
Administrative Officer,
Information and Library Services.

Let/262
