Subject: GATT Trade Centre Export Promotion Course for English-speaking Africans
(Second notice)

Because of an International Geophysical Congress that will take place at the Economic University of St. Gall for three weeks starting 21 September, we have moved up the beginning of our course to 14 August.

The schedule will now be:

14 August to 22 September - Economic University of St. Gall.
25 September - 20 October - Various export establishments in United Kingdom, Ireland, The Netherlands, and Switzerland.
23 October to 3 November - Case work at the GATT International Trade Centre, Geneva.

From the point of view of climate this will actually be a better time to be in Europe, so we imagine the change will be welcome.

However, this means that applications should be sent in at the earliest possible moment. This is now especially necessary to enable us to plan for the second and third parts of the course, inasmuch as we shall try, within the limits of possibility, to send trainees to countries whose import products complement their own export ones; while, in the Centre itself, we will have to plan a month earlier the case work on their own countries' products we intend to have them do here.

H.L. Jacobson,
Director of the Centre
