Dear Sir,

The GATT secretariat and its officers find that they need to refer increasingly to certain important governmental statistical publications. I have therefore been asked to approach you to see if it would be possible for you to arrange for the GATT library to receive in future, two copies of the following publication(s), in place of the single copy hitherto received:

........................................................................
........................................................................
........................................................................
........................................................................

I would be very grateful if you could pass this request to the appropriate Department of your Government.

Yours sincerely,

Richard R. Ford
Head, Information and Library Service
