Dear Sir,

We are enclosing a provisional document giving lists of manufacturing, trading and product promotion organizations for certain countries. The organizations have been selected according to the criteria described in the introduction to the document.

We intend to publish this document in final form as soon as possible and we hope that it will be of real assistance to exporters in the less-developed countries. In order that it may be more complete, we would request you to supply us with the names and addresses of similar organizations in your country.

Thanking your for your collaboration.

Yours faithfully,

H.L. Jacobson
Head, International Trade Centre
