To: Members of the Informal Group of Developing Countries in GATT

From: Development Division

In response to requests by certain delegations of developing countries the secretariat has endeavoured to arrange data on import restrictions applied by developed countries as appearing in various GATT documents, in a form that might be found useful by individual developing countries in the context of their preparatory work for the forthcoming trade negotiations.

The tabulations can be obtained from the GATT secretariat, Development Division, Annex II of the Villa Le Bocage, tel. ext. 4460.
