Dear Sir,

At the request of one of the contracting parties, the secretariat has prepared a document listing the items in the schedules to the Agreement which have been withdrawn or are being withheld in cases where the action of the government concerned has not been formalized by protocol. A draft has been completed and I am forwarding three copies herewith. This draft is based upon information available to the secretariat but it is probably incomplete and it may contain some inaccuracies.

It would be appreciated if you would pass on this draft to the appropriate department of your Government so that it may be carefully examined. I would like to receive your Government's comments and proposed alterations, if possible, by 1 October.

Yours sincerely,

E. Wyndham White,
Executive Secretary.
