OFFICE SPACE FOR DELEGATIONS PARTICIPATING IN TARIFF NEGOTIATIONS AS FROM JANUARY 1956

Sir,

In order to assist the Working Party on Tariff Reduction in making its recommendation on the site of the next tariff conference, I have been requested to report on the facilities available in Geneva and elsewhere.

Therefore, since your Government has indicated its intention to participate in the forthcoming tariff conference to open probably in January 1956, I should be grateful if you would inform me before the end of the month of the number of offices your delegation would require. It would be useful to know the maximum and minimum number of offices required for your delegation in order to enable the working party to make a recommendation in the light of the facilities available.

Accept, Sir, the assurances of my highest consideration.

E. Wyndham White
Executive Secretary
