SIXTH PROTOCOL OF RECTIFICATIONS AND MODIFICATIONS

SCHEDULE XX - UNITED STATES

The Government of the United States requests that the following rectification of the rectifications set forth in MGT/III/56 and MGT/III/56/Add.1 be made, and that the following new rectification be included in the protocol to be drawn up at the Eleventh Session.

SCHEDULE XX - UNITED STATES (GENEVA - 1947)

Part II - Preferential Tariff Applicable to Products of Cuba

Item 502 /first/

The modification of an item 502 in Part II set forth in MGT/III/56, as rectified in MGT/III/56/Add.1, should be further rectified to read as follows:

"Item 502 /first/

"That part of the rescription beginning with the word 'Other', and the rates applicable thereto, shall read:

"Other ........................................ 0.53 cents per pound of total sugars'."

Note. This rectification of the proposals previously circulated makes no change in substance. The earlier proposal, in addition to substituting the higher rate applicable to a part of the original item as a result of its renegotiation, would have deleted from the Geneva schedule another part of the same item, the rate of which had been reduced during the 1956 tariff negotiations. The revised proposal merely makes the modification resulting from the renegotiation, without deleting the part superseded by the new tariff reduction.
SCHEDULE XX - UNITED STATES (GENEVA - 1956)

Part I - Most-Favored-Nation Tariff

Item 1513 /second/

The third sub-classification of the description in this item shall read: "Figures or images of animate objects wholly or in chief value of metal and not specified above in this item".

Note. In this sub-classification the limitation of the concession to articles of metal was inadvertently omitted. The scope of this concession in the schedule, as rectified, will be the same as that of the corresponding concession in the bilateral list of final offers.
