GATT BIBLIOGRAPHY: FOURTH SUPPLEMENT

The GATT Bibliography was first published in March 1954 and covered the period from 1947 to the end of 1953. The First Supplement covered the period from January 1954 to June 1955. The Second Supplement covered the period from June 1955 to June 1956; the Third Supplement from June 1956 to August 1957. The Fourth Supplement covers the period from August 1957 to July 1958.

The main event referred to in the Fourth Supplement is:

the Twelfth Session of the Contracting Parties, which was held at Geneva, 17 October to 30 November 1957. This Session included a Ministerial Meeting from 28-30 October at which the Rome Treaty establishing the European Economic Community was discussed. Other matters referred to are Trade Intelligence Paper No.6, "The Possible Impact of the European Economic Community, in particular the Common Market, upon World Trade", and the tariff negotiations with Switzerland.

Note: The GATT Bibliography and its Supplements do not include a list of items published by the GATT secretariat. This is contained in the List of Official Material relating to the General Agreement on Tariffs and Trade, obtainable on request from the secretariat.
