At the thirteenth session of the CONTRACTING PARTIES the Working Party on Budget examined the financial aspects relating to the production of the monthly International Trade News Bulletin. The Working Party agreed that this publication was useful and recommended that it should be continued. It also recommended that the subscription rate should be increased to Sw.fr. 2.-- per copy and that, henceforth, governments should be charged for all copies of the Bulletin they wished to receive. This Recommendation (see document L/922, paragraph 27) was adopted by the CONTRACTING PARTIES.

At present your Government receives a total of ___ English and ___ French copies of each issue of the Bulletin. A list of the addresses and the number of copies sent to them is attached.

In accordance with the decision of the CONTRACTING PARTIES, governments will in future be billed for copies of this publication as from and including the July 1959 issue. It would therefore be appreciated if you would communicate with the present recipients of the Bulletin and complete the subscription forms attached hereto, indicating whether the present despatches should be continued or whether any changes should be made. These forms should be returned as soon as possible to the Finance Officer of the GATT secretariat. No further distribution will be made until the completed subscription forms have been returned.

H. Ph. Sobels,
Chief of Administrative and Financial Services.
