Paragraph 10 should read as follows:

10. Support is reaffirmed for the principles, rules and disciplines provided for under the General Agreement. Consideration shall be given to improvements in the international framework for the conduct of world trade which might be desirable in the light of progress in the negotiations and, in this endeavour, care shall be taken to ensure that any measures introduced as a result are consistent with the objectives and principles of the trade negotiations and particularly of trade liberalization. Any change in the international framework for the conduct of international trade shall take full account of preferential or differential treatment for developing countries.

1This does not necessarily represent the views of representatives of countries not now parties to the General Agreement.
