GENERAL AGREEMENT ON TARIFFS AND TRADE
Third Session of the Contracting Parties

Tariff Negotiations to be completed at Annecy

It was today agreed in the Tariff Negotiations Working Party to recommend to the full Tariff Negotiations Committee that arrangements should be made for completing at Annecy certain Tariff Negotiations which will still be uncompleted when the general conference closes on or soon after 31 July.

This has been made possible only through the cooperation of the Mayor and various authorities of the town of Annecy.

The possibility of transferring the uncompleted negotiations to Geneva after 31 July was considered but was not found to be practicable owing to lack of office accommodation in the Palais des Nations or elsewhere in Geneva.

With the completion by the end of July of a large proportion of the tariff negotiations and the consequent reduction of staff among delegations, the offices for delegations and secretariat will be concentrated in the Hotel Verdun, Annecy.
