ARTICLE XXVIII NEGOTIATIONS

Arrangements for Conclusion and Status

Arrangements for Conclusion

Delegations are reminded that, when the arrangements were made for the offices at the Villa "Les Ormeaux", it was only possible to obtain the space until 22 July. After that date, in view of the summer calendar of conferences in Geneva, it is unlikely that any accommodation will be available in Geneva.

In order that administrative arrangements can be made for distributing the results of bilateral negotiations and final reports on Article XXVIII negotiations, delegations are requested to advise the secretariat of the approximate dates on which they expect to finish their various negotiations.

Delegations are also requested to deliver the results of each bilateral negotiation as soon as it is concluded in order that these lists may be prepared well in advance of the final reports. As soon as it is possible to draw up the latter, they should also of course be sent to the secretariat. The procedures for drawing up the lists and final reports are contained in document SECRET/24/Add. 2 and 4, which both contain models. Any delegation that will not be able to cut its own stencils should so inform the secretariat in good time.
