HARMONIZED SYSTEM - ARTICLE XXVIII NEGOTIATIONS

Submission of Documentation

Schedule III - Brazil

Addendum

The following communication dated 12 June 1989 has been received from the Permanent Mission of Brazil.

With reference to document SECRET/HS/21, dated 15 December 1988, which contains the proposed transposition of the Schedule III - Brazil to the Harmonized System, I would like to inform you that, in light of a review of the Brazilian Nomenclature under the Harmonized System recently undertaken by the Brazilian Council of Nomenclature, it will be necessary to adjust the annexes circulated in document SECRET/HS/21.

The attached documents contain the consequent changes, inclusions and deletions to Annexes II, III and IV of document SECRET/HS/21. Brazil is ready to enter into consultations on these amendments. Interested contracting parties should communicate their claim in writing, within ninety days, to the Permanent Mission of Brazil, with a copy to the GATT secretariat.

I would appreciate that the above communication, together with the attached lists, be circulated to contracting parties.
