As announced in document Spec(60)218 the Commission of the EEC is preparing a list indicating the principal supplier to the Community of each item in the Common Tariff.

There is annexed hereto a first instalment containing chapters 1 to 28. The remaining chapters are being prepared and will be submitted in the near future.

The notes (cover page of the document) explaining the use of this list are translated in the annex hereto for the benefit of English-speaking officials.
Notes

1) A dash indicates that no imports into the EEC from other contracting parties have taken place or that the import figure is not available.

A blank space indicates that it is not known yet which country is the principal supplier.

2) ++ indicates that EEC imports from other contracting parties are of marginal importance in relation to intracommunity trade.
