The Committee has held consultations with thirty-four countries. The following thirteen countries have not yet consulted with the Committee:

- Chile
- Cuba
- Dominican Republic
- Haiti
- Nicaragua
- Pakistan
- Peru
- Portugal
- Spain
- Uruguay
- Poland
- Nigeria
- Argentina

Of these thirteen countries, Chile, Pakistan and Poland have submitted background and commodity documentation. The secretariat therefore proposes that the Committee schedule consultations with these three countries to take place during May 1961. Of the remaining countries, Argentina, Nigeria, Portugal, Uruguay and Spain have indicated their readiness to consult. The secretariat proposes that consultations with these countries, and with any of the remaining countries which may subsequently indicate their readiness to consult, should be scheduled to take place during September/October 1961.
