Arrangement Regarding Bovine Meat

INTERNATIONAL MEAT COUNCIL
TWENTY-FIFTH MEETING
Draft Report
Corrigendum

Page 12: replace the first phrase of the last paragraph by the following: "Finally, statistics regarding poultry meat and swine indicate that, in 1991, poultry exports may have achieved 300,000 tons (US$1.216/ton f.o.b., average price) and those of swine, circa 20,000 tons, while imports of swine should repeat the same performance of 1990 (circa 5,000 tons)."
