Arrangement Regarding Bovine Meat

INTERNATIONAL MEAT COUNCIL

Thirtieth Meeting

Draft Report

Corrigendum

Page 8: replace paragraph 34 by the following text:

34. Referring to the cattle prices evolution in North America, the Canadian representative indicated that prices in his country had not only levelled off, but had also begun to decline. He explained that reduced feed costs, particularly in the US, might result in improved profitability, but only provided that the market prices for slaughter cattle recovered to somewhat higher levels than those in effect at the time.
