Page 4, first paragraph

Substitute the following statement:

"Mr. MONSERRAT (Cuba) supported the views of the Australian and
Indian delegations that commodity problems should be brought within
the scope of the Agreement. In this connection, the provisions of
Chapter VI of the Havana Charter, seemed appropriate, but due
consideration should be given to co-ordination with the United Nations
Advisory Commission and other existing organs which deal in these
matters. His delegation had no views at the present time on the exact
means by which this might be accomplished."
